INDEX

Abrams, D. A.
Discussion, 622, 636.

Ahlers, John G.
New Experiences in Concrete Control, 159.
Discussion, 200, 619.

Alfred, Frank N.
Permanent Railroad Track, 45.

Allison, David C.
Suggestions on the Decorative Use of Concrete, 202.

Ashton, Ernest
Discussion, 620.

Bates, P. H.
Discussion, 614, 623.

Bateman, John H.
Soaps as Integral Waterproofings for Concretes, 535.

Bauer, Edward E.
Discussion, 468.

Bridges.
Correlated Considerations in the Design and Construction of Concrete Bridges, by A. Burton Cohen, 560.

Burggraf, Fred.
Transverse Testing of Concrete, 304.

Cartwright, Frank P.
Concrete Units in Building Codes, 233.

INDEX

Abrams, D. A.
Discussion, 622, 636.

Ahlers, John G.
New Experiences in Concrete Control, 159.
Discussion, 200, 619.

Alfred, Frank N.
Permanent Railroad Track, 45.

Allison, David C.
Suggestions on the Decorative Use of Concrete, 202.

Ashton, Ernest
Discussion, 620.

Bates, P. H.
Discussion, 614, 623.

Bateman, John H.
Soaps as Integral Waterproofings for Concretes, 535.

Bauer, Edward E.
Discussion, 468.

Bridges.
Correlated Considerations in the Design and Construction of Concrete Bridges, by A. Burton Cohen, 560.

Burggraf, Fred.
Transverse Testing of Concrete, 304.

Cartwright, Frank P.
Concrete Units in Building Codes, 233.

Chapman, C. M.
Discussion, 509.

Chipman, Paul.
Discussion, 54.

Chubb, J. H.
Discussion, 620.

Clemmer, H. F.
Transverse Testing of Concrete, 304.

Cohen, A. Burton.
Discussion, 61, 107, 628.
Correlated Considerations in the Design and Construction of Concrete Bridges, 560.

Colburn, D. S.
Discussion, 107, 512, 614.

Collier, B. C.
Repair of Faulty Concrete Structures, 648.

Committee Reports.
Committee E-6 on Destructive Agents and Protective Treatments, 641.
Committee C-5 on Measurement of and Estimating Concrete, 654.
Committee P-4 on Concrete Staves, 662.
Committee P-1 on Standard Building Units, 667.
Committee T-1 on Crazing, 669.
Committee P-2, Cast Stone and Architectural Concrete, 671.
Committee P-6 on Concrete Products Plant Operation, 673.
Committee S-1 on Reinforced-Concrete Chimneys, 675.
Committee E-3 on Research, 677.

Concrete Building Units.
Concrete Building Units and the Cincinnati Building Code, by George R. Hauser, 227.
Concrete Units in Building Codes, by Frank P. Cartwright, 233.

Concrete Curing.
Effect of Lime on Concrete Products, by Paul C. Cunnick, 239.
Effect of Varied Curied Conditions Upon Compressive Strength of Mortars and Concrete, by Herbert J. Gilkey, 395.

Concrete Proportioning.

Seven Years of Experience with Job Control of the Quality of Concrete, by Roderick B. Young, 79.

Control of Concrete Mixtures on University of Pittsburgh Stadium, by W. S. Hindman, 110.

Concrete Proportioning.

Use of Water-Ratio Specification on Portland Cement Association Building, by F. R. McMillan and Stanton Walker, 122.

New Experiences in Concrete Control, by J. G. Ahlers, 159.

Concrete Proportioning.

Control of Mixture and Testing of the Wilson Dam Concrete, by John W. Hall, 488.

Concrete Roads.

Efficiency in the Supervision of the Construction Road Surfacing, by J. L. Harrison, 279.

Concrete Pavement Design by L. W. Teller and J. T. Pauls, 314.

Concrete Testing.

Transverse Testing of Concrete, by H. F. Clemmer and Fred Burggraf, 304.

Outline of Tests on 300-ft. Reinforced-Concrete Chimney, by Benjamin Wilk, 350.

What are the Most Significant Tests for Concrete, by A. T. Goldbeck, 386.

Concrete Testing.

Relation of 7-Day to 28-Day Compressive Strength of Mortar and Concrete, by W. A. Slater, 437.

Cummings, H. P.

Discussion, 158.

Cunnick, Paul C.

Effect of Lime on Concrete Products, 241.

Discussion, 259, 260.

Day, Arthur L.

Earthquakes and Their Effect on Buildings, 72.

Decorative Concrete.
Suggestions on the Decorative Use of Concrete, by David C. Allison, 202.
Ornamental Concrete Floor Surfacings with Especial Reference to Terrazzo, by H. S. Wright, 269.
Architectural Concrete, by John J. Earley, 513.

Dienhart, E. W.
Discussion, 231.

Earley, John J.
Architectural Concrete, 513.
Discussion, 637.

Earthquakes.
Earthquakeproof Construction, by H. M. Hadley, 62.
Earthquakes and Their Effect on Buildings, by Arthur L. Day, 72.

Evans, T. A.
South Water St. Improvement, 259.

Extensibility of Concrete.
By W. K. Hatt, 364.

Floyd. G. F.
Discussion, 632.

Ford, Robert H.
Discussion, 54.

Foster, C. B.
Discussion, 632.

Freeman, J. E.
Discussion, 635.

Giesecke, F. E.
Discussion, 463.

Gilkey, Herbert J.
Effect of Varied Curing Conditions on Compressive Strength of Mortors and Concrete, 395.
Discussion, 433, 509.

Goldbeck, A. T.
What Are the Most Significant Tests for Concrete, 386.

Gowen, George W.
Discussion, 455.

Grady, J. C.
Discussion, 612, 628, 631.

Hadley, H. M.
Earthquakeproof Construction, 62.

Haggander, G. A.
Discussion, 58.

Hall, John W.
Control of Mixture and Testing of Wilson Dam Concrete, 488.
Discussion, 509, 510, 511, 512.

Harza, L. F.
Discussion, 157.

Harrison, J. L.
Efficiency in the Supervision of the Construction of Concrete Road Surfacing, 279.

Hart, W. E.
Discussion, 614.

Hatt, W. K.
Discussion, 108, 232, 670.
Extensibility of Concrete, 364.

Hauser, George R.
Concrete Building Units and the Cincinnati Building Code, 227.

Hillberg, A. G.
Discussion, 65.

Hollister, S. C.
Discussion, 618, 638.

Howe, Henry J.
Discussion, 258.

Hutchinson, George W.
Discussion, 107, 618.

Jackson, Frank H.
Discussion, 511.

Johnson, C. S.
Discussion, 158.

Johnson, T. H.
Discussion, 348.

Johnson, U. L.
Discussion, 633.

Kinney, W. M.
Discussion, 619.

Leavitt, H. Walter.
Discussion, 455.

Levison, Arthur A.
Discussion, 511.

Lindau, A. E.
The Trend of Institute Work, 21.
Discussion, 44, 109.

Lindstrom, Robert Seth.
Discussion, 394, 621.

Lord, A. R.
Discussion, 611.

Lovejoy, C. H.
Discussion, 158.

Magee, C. L. C.
Discussion, 44.

Malone, O. A.
Stucco, Textures and Colors, 217.

McKesson, C. L.
Discussion, 432.

McMillan, F. R.
Discussion, 108, 158, 611, 623, 628.
Use of Water-Ratio Specification on Portland Cement Association Building, 122.

Members, List of, 726.

Miner, J. L.
Discussion, 650.

Nichols, Charles E.
Discussion, 119, 157.

Noble, Thomas W.
Discussion, 257.

Pauls, J. T.
Concrete Pavement Design, 314.

Railways.
Permanent Railroad Track, by Frank N. Alfred, 45.
Railroads and Concrete, 55.

Schnarr, Wilfred.
Discussion, 450.

Sensel, Alden C.
Discussion, 106.

Shaffer, Ivan O.
Discussion, 196.

Shenk, A. B.
Discussion, 258.

Slater, W. A.
Relation of 7-Day to 28-Day Compressive Strength of Mortar and Concrete, 439.

Smith, G. A.
Discussion, 107, 200.

Soaps as Integral Waterproofings for Concrete.
By Alfred H. White and John H. Bateman, 535.

South Water Street Improvement.
By T. A. Evans, 259.

Specifications.
Concrete Staves, 666.
Measurement of and Est'mating Concrete, 655.

Stepanian, Stephen.
Discussion, 511.

Stucco.
Stucco Textures and Colors, by O. A. Malone, 217.

Sweetser, E. O.
Discussion, 109.

Teller, L. W.
Concrete Pavement Design, 314.

Tucker, John, Jr.
Discussion, 313.

Tyler, M. C.
Construction of the Wilson Dam, 472.

Upson, M. M.
Discussion, 621.
Sand for Sea Water Concrete, 645.

Wacker Drive.
(See South Water St. Improvement) 261.

Walker, Stanton.
Discussion, 107.
Use of Water-Ratio Specification on Portland Cement Association Building, 122.

Wason, L. C.
Discussion, 611, 631.

Watson, T. P.
Discussion, 55, 625, 629, 652.

Westergaard, H. M.
Formulas for the Design of Rectangular Floor Slabs and Supporting Girders, 26.
Discussion, 44.

Westfall, Mr.
Discussion, 59.

White, Alfred H.
Soaps as Integral Waterproofings for Concrete, 535.

Wig, R. J.
Discussion, 652.

Wilk, Benjamin.
Outline of Tests on 300-Ft. Reinforced-Concrete Chimney, 350.

Wilson Dam.
Construction of the Wilson Dam, by Major M. C. Tyler, 472.
Control of Mixture and Testing of Wilson Dam Concrete, by John W. Hall, 488.

Woolson, Ira.
Discussion, 230, 231.

Wright, H. S.
Ornamental Concrete Floor Surfacings with Especial Reference to Terrazzo, 269.

Young, Roderick B.
Seven Years of Experience with Job Control of the Quality of Concrete, 79.
Discussion, 107, 108, 628.
